Wesley Greenhalgh
Greg Hand

Doug Weidauer
Mark Williams (excused)
Phil Hancock
Dwight Hill
Michael Marchant

VISITORS:

Ron Lord, IAPMO
Vern Petersen, ICC

Nancy McNabb, NFPA

MINUTES:

The minutes from the March 8, 2003 meeting were approved as written.

OTHER BUSINESS

The previously proposed amendment for 1002.4 Trap seals was discussed and it was agreed that it should be resubmitted since it was denied on the national level. A motion was made to ask the Commission to review the proposed amendment as originally submitted. The motion was unanimously denied. Rob Kesler will submit a revised proposal for this committee to review.

REVIEW OF THE
INTERNATIONAL EXISTING
BUILDING CODE

Dan Jones gave a summary on the IEBC and a report on the recommendations from the Unified Code Analysis Council and the Structural Advisory Committee. This committee felt that the plumbing portion is not significant enough to have a say. A motion unanimously passed to defer the decision to the Architectural Advisory Committee, Structural Advisory Committee, and Unified Code Analysis Council.

DISCUSS THE REQUEST FOR A
REVIEW OF THE C3 CODES

The Commission has asked the advisory committees to make a recommendation as to whether or not there should be a full review of these codes. Dan Jones

gave a summary of the recommendations that the Unified Code Analysis Council and the Structural Advisory Committee will be giving to the Commission.

Those present discussed each question the Commission has asked them to consider. Following the discussion, a motion unanimously passed to table a decision on the four questions until the August meeting.

The meeting adjourned at 11:15.
